

DECLARATION OF GERALD ARMSTRONG

I, Gerald Armstrong, declare.

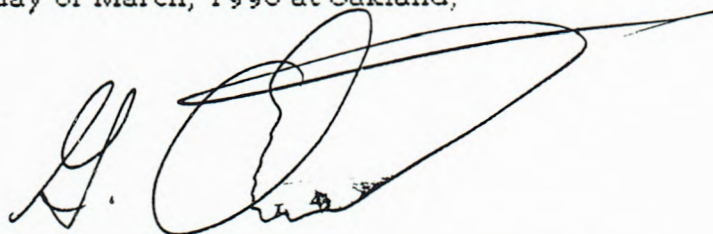

1. I am making this declaration to correct a misinterpretation of certain facts in the document entitled "Motion For an Order Directing Non-interference With Witnesses and Disqualification of Counsel" filed on March 19, 1990 by attorney Toby Plevin on behalf of Plaintiff in the case of Bent Corydon v. Church of Scientology International, et al., Los Angeles Superior Court Case No. C 694401.

2. At page 6 Ms. Plevin states: "And, at paragraph 43 (Gerald Armstrong) states that in November 1989, after receiving the deposition subpoena in this case, he received a video tape of himself in the mail that had been introduced into evidence against him previously by the Church of Scientology. It came together with the business card of the private investigator who had done the videotaping. It is hard to imagine a more chilling scenario than to receive that sort of "we're watching you" threat in the mail."

3. The video tape was sent to me at my request by a friend of mine who obtained it from the London Sunday Times. This is a version about fifteen minutes long edited from the video tapes which had been admitted into evidence in the trial of Julie Christofferson v. Church of Scientology Mission of Davis, et al, Case no. A 7704-05184, in the Circuit Court of the State of Oregon, for the County of Multnomah, in 1985. The Scientology organizations also settled Christofferson in December 1986.

I declare under the penalty of perjury under the laws of the State of California that the foregoing is true and correct.

Executed this twenty-seventh day of March, 1990 at Oakland,
California.
